

Stay In Your Home!

Here's Help

We Are California is a movement of people coming together in Oakland and statewide, because we believe every Californian should be able to afford a place to call home whether you rent or own.

We can create a California where all of us thrive by sharing these resources with our friends, family, and neighbors to keep more of us in our homes and off the streets.

Statewide

- ▶ **Rental Payment Assistance**
National Low Income Housing Coalition
